THIS WEEK IN PARISH HISTORY

On the south side of the transept are the windows of the Crucifixion and Resurrection. Both windows were made by the Rossbach Art Glass Co. of Cincinnati. They were installed in 1916 under the direction of our 4th pastor, Fr. Rupert. The Crucifixion window depicts St. John, Mary the mother of Jesus, and Mary Magdala at the foot of the cross. This window is made in the Tiffany style. The Resurrection is also made in the Tiffany style and depicts Christ coming out of the tomb.

DIVINE MERCY SUNDAY

Sunday, April 27th is Divine Mercy Sunday. The Chaplet of Divine Mercy will be sung before the 9:15 am Mass and booklets will be at the doors of the church that detail the feast. Divine Mercy is based on the private revelations of St. Faustina Kowalska. In 2000, Pope John Paul II canonized St. Faustina and said, "It is important then that we accept the whole message that comes to us from the word of God on this Second Sunday of Easter, which from now on throughout the Church will be called 'Divine Mercy Sunday.'" The Divine Mercy image is a depiction of Jesus based on a vision that St. Faustina had in 1931. In the image, Jesus is shown in most versions as raising his right hand in blessing and pointing with his left hand on his chest from which flow forth two rays: one red and one white (translucent). Red for the blood of Jesus (which is the Life of Souls) and pale for water (which justifies souls). The whole image is symbolic of charity, forgiveness and love of God, referred to as the "Fountain of Mercy." The depictions often contain the message "Jesus, I trust in You!"

ST JOHN'S CEMETERY MAINTENANCE PROJECT

Thank you to everyone who has donated or pledged funds to this project. As of January 31st, \$35,405.00 has been pledged and/or received.

After considering the cost and benefits of repairing verses replacing the maintenance building at St John's Cemetery, the Cemetery Board has recommended to Bishop Walsh that the building be replaced. The maintenance building's current condition requires a new roof, the rafters need to be straightened or replaced and the two garage doors replaced due to the damage from the sagging rafters. Currently, the entire building is heated during the winter season to keep the water system from freezing. A small, heated room needs to be constructed around the water system to save on the utility cost. We also looked at larger garage doors for ease of moving the tractor and dump truck in and out of the building, along with raising the rafters to allow maintenance work on the equipment to be done inside the building. The cost of a new metal pole building – the same size as the current building, while keeping the current concrete floor – is estimated at \$54,407.00.

The Diocese requires that the estimated funds be received or pledged before the project is started. The Cemetery Board is asking for your help for this project. Please consider making a donation or pledge by completing the bottom portion of this article and mailing or dropping it off at the Ministry Center, or placing it in the Sunday collection basket. Your support is greatly appreciated.
